CULTURE *SHAPES*

THE FOUNDATION FOR *BELONGING*

CULTURE, LEADERSHIP AND PERSONAL RELATIONSHIPS ARE THE BIGGEST FACTORS INFLUENCING AN ORGANIZATION'S ABILITY TO CREATE BELONGING

EMPLOYERS BEWARE!

It's essential for organizational leaders to realize that it's the workplace that needs to change, not the employees. (Inc.)

- A record 3.2 million U.S. workers retired in 2020, and 10,000 workers will retire every day until 2029. •
- There will be a global worker shortage of 85 million by 2030 (roughly equivalent to the total population of Germany).
